

**Frederic School District**  
**2023-24 Academic Standards Notice**

July 19, 2023  
Board of Education Meeting

Academic Standards are the first step in providing Frederic School District students with a high-quality education. The goal of the standards is to provide the skills necessary so students are prepared for success in postsecondary education and the workforce.

Frederic School District has adopted the Wisconsin Model Academic Standards to identify what students should know and be able to do within given content areas or subjects. Standards serve as goals for both classroom instruction and student learning. Instructional materials and resources are utilized in conjunction with the standards to support student learning.

**Wisconsin Model Academic Standards**

| <b>Content Area/Subjects</b>                       | <b>Academic Standards</b>   |
