

PARENT RIGHTS AND DISTRICT PROGRAMS/ACTIVITIES (STUDENT PRIVACY)

The Board recognizes the right of parents/guardians to inspect instructional materials and to deny their child's participation in certain curricular activities in accordance with state and federal laws and regulations.

Parents/guardians may inspect, upon request, any instructional material used as part of the educational curriculum for students. In addition, parents/guardians may request program or curriculum modifications or deny their child's participation in certain District educational programs or activities in accordance with state and federal laws and regulations.

Parents/guardians shall be informed at the beginning of the school year of the specific or approximate dates during the school year when activities are scheduled to take place and shall be given the opportunity to request that their child not participate in such activities.

Parents/guardians shall make any of the above requests, in writing, to the building principal or designee. All requests will be considered individually, based upon state and federal guidelines.

The principal or designee shall respond to such requests in a timely manner.

If a parent/guardian is not satisfied with the building principal's or designee's decision, he/she may have the request reviewed by the Superintendent and, if still not satisfied with the decision, the School Board. Appeals may be made beyond the Board as authorized by law.

Accommodations made under this policy shall be provided to students without prejudicial effect. The District shall inform parents/guardians of this policy at the beginning of each school year.
