Budget Hearing

Budgets are forecasts of revenues and expenditures based upon facts and circumstances currently known or considered likely to happen. As such, internal and external events can have dramatic effects on the accuracy of those forecasts. The Budget Hearing reflects both known and forecasted information. Pieces of information may change between the Budget Hearing and when the School Board adopts the final budget in late October. Examples may include student count, finalized property valuations, and finalized state aid amounts.

Levy & Expenditure Information

Frederic Community Education has two primary components but may be utilized to create new programming opportunities, such as youth athletic programs.

1. Community based educational programming -- These opportunities are coordinated by the Community Education Director. Programming may include, but is not limited to, opportunities in writing, fitness, cooking, babysitting, and trips to theatres such as the Orpheum and Chanhassen.
 2. Roots and Branches Community Childcare Center – Housed within the elementary school, the Childcare center serves families and children in two core areas – daycare and before/after school programming. The District levies funds to maintain programming opportunities.
 3. Youth Sports Coordinator – Will coordinate and direct youth sports programs in the community.
- The School District anticipates levying \$150,000 for Fund 80 in 2025-2026. This levy funds our three Community Education components in the following ways:
 - \$78,832.48 for Roots and Branches Community Childcare Center
 - \$66,423.08 for the Community Education Director.
 - \$4,744.44 for the Youth Sports Coordinator
 - Additional revenue is generated from class participation fees and childcare center fees.
